The school record also shows that school management has maintained same tuition fee for academic session 2019-20 and 2020-21, as is, otherwise, mandate of order No. 45 FFRC of 2021 dt. 18.02.2021.

Record further shows that school management has not charged and collected annual fee for academic session 2019-20 and 2020-21.

The audit report shows that school has maintained surplus and more particularly in the year ended 31.03.2020, the school has surplus of 17.50%.

The surplus amount has to be spend on the benefit of students and for their welfare.

The land purchased from school funds and constructions made from school funds, which come from the coffers of parents, whose wards are studying in the school, make it imperative on the school management to keep these properties in the name of school, as they are owned by school. These properties cannot be kept in the name of any person or persons, other than the school.

School record also shows that school management is charging and collecting picnic and excursion fee as a component of annual fee. Picnic/excursion charges are not component of annual fee, but is a voluntary and optional fee, depending on the students availing, or not availing the picnic/excursion facility. This item is accordingly deleted from annual fee.

Since the school management has had surplus of 17.50% in year ended 31.03.2020, the school management is heading rather, entered into commercialization stage of education. This tendency and activity of the school management has to be nipped in the bud.

The record produced and the justification given by the School management for fixation and regulation of fee structure of the School was examined. The same was considered in accordance with norms set out in various judgments and prescribed by statute. On due consideration of the entire conspectus of the school record and' acknowledged parameters and settled norms for regulating the fee structure of the school, material produced

by the School management, income-expenses, income and expenditure, of the School and after considering all other relevant factors which govern the subject, the Committee finds it just and proper to regulate the fee structure of the School as under:

Session: 2020-21, 2021-22 & 2022-23

Tuition Fee	1200	1250	1250	1350	1350	X

The aforesaid exercise has been undertaken and fee structure regulated in a manner that excluded the commercialization and profiteering of education completely.
