The record also shows that the School Management has made huge increase in tuition fee of some classes against the fee approved by the Committee in academic session 2017-18. Record also shows that School Management in breach of approved fee structure has projected annual package system of tuition fee.

The record also shows that the School Management has un-authorizedly made huge strides in the annual fee. Principal and Chairperson to show cause as to why action in accordance with law is not taken against them. Reply within two (02) months.

Above stated facts get manifested in one thing i.e, all the School Funds have not been utilized and spent on the welfare of the students and for providing quality education. On the one hand, fee has been charged in breach of orders of FFRC and, on the other hand, in the name of Trust, many benefits in breach of law are being taken by the School Management. Huge amounts have been spent on Advertisement, which cannot be supported by any reason or logic in respect of any Educational Institution, which is not a commercial unit. Similarly, huge amounts have been expended on Travelling.

Who is travelling on School Funds, is a question which has answer hidden in it.

The claim of the Principal of the School that he has obtained financial assistance from the bank for paying salary to its staff can be visualized in the light of the expenditures/expenses made by the School Management.

The School Management is under legal and moral obligation to spend the School Funds, which are generated by the fees paid by the students, in most just and reasonable manner. Despite best efforts, commercialization of education cannot be camouflaged, as Truth has habit of surfacing at any place and at any time.

The School Management is restrained from making expenditures/expenses which have no relation with the welfare of the students and their education.

The School Management shall desist from offering full session package to students and shall receive the Tuition Fee on monthly basis. However, any parent who wishes to deposit the Tuition Fee for the whole session, in advance, would be at liberty to do the same.

The record produced and the justification given by the School Management for fixation and regulation of fee structure of the School was examined. The same was considered in accordance with norms set out in various judgements and prescribed by statute. On due consideration of the entire conspectus of the school record and acknowledged parameters and settled norms for regulating the fee structure of the School, material produced by the School Management, income-expenses, income and expenditure of the School and after considering all other relevant factors which govern the subject, the Committee finds it just and proper to regulate the **fee structure** of the School as under:
