

**Office of the Chairperson  
Committee for Fixation & Regulation of Fee of Private  
Schools, J&K (FFRC)**

Order No: 796 -FFRC (FF) of 2021  
Dated: 01 - 12 -2021

**Sub: Fixation and Regulation of fee of Naveen Shiksha Kendra, Higher Secondary School, Nagbani, Jammu.**

Naveen Shiksha Kendra, Higher Secondary School, Nagbani, Jammu submitted file for fixation and regulation of fee structure of the School, which has been registered in FFRC office under No. **FFRC/FF/2020-21/Jmu/25**.

Para - 5 of the FFRC proforma shows that School is being run as a Proprietorship concern. The audited balance sheet as on 31.03.2020, shows that capital account belongs to Prop. Balbir Singh. This is sufficient to show that School is being run as a business unit, which is not permissible in law. In like cases, orders stand passed, and in most of them stand complied with.

The Educational Institution in law cannot be run as a business concern. Unlike business it is a charitable work.

In similar circumstances, orders have been passed in like Schools, most of which stand complied with and fee structure also regulated.

In some other like schools orders were passed for regulating the School affairs in accordance with settled norms and the laws of the land. Most of the Schools have already followed the law and the fee structure of such schools stand regulated. The other schools have already taken steps to follow the law in running the affairs of their schools. The order passed in the first such school and which was followed in like other schools, covers the present school as well.

The record of School under discussion also reflects the same situation which had arisen in United Public Higher Secondary School, 52, Sec - 2, Channi, Himmat, Purmundal, Jammu. The facts of the two schools are almost similar.

The facts of this case are governed by order No.415 – FFRC (FF) of 2021 dated 11.08.2021. The relevant part of the aforesaid order is taken note of:

“Hon’ble the Supreme Court has consistently stated that Education is not business, but a work of charity. The Educational Institutions are to be run on no profit no loss basis, of course with scope for maintaining of surplus of 10% to 15%, which amount is to be spend on welfare and providing good education to children.

From the times immemorial, education has been treated as a noble cause. Imparting education has never been commerce.

Both, in fact and in law, setting-up of school for imparting education is charitable work and people who set-up educational institution hold the same as trustees for the benefit of public at large.

The matter is referred to Principal Secretary to Government School Education Department, for passing of appropriate orders in accordance with law, in respect of the School.

The School Management and Partners are required to dissolve the partnership deed and constitute a trust, for running the School.

The Partners of the firm are restrained from receiving any monetary benefits from the School Funds, till further orders.

The Principal of School shall open an account in a Schedule Bank in the name of School which shall be operated upon by Principal, one Partner and a representative of School Parents’ Association.

Until further orders, the Partners/ School Management shall not make hike in Fee Structure.

The salary of teaching and non-teaching staff shall be paid by Principal, and documents witnessing same shall be signed by one Partner and representative of School Parents’ Association.

The parents shall deposit fee which is being paid at present in the account to be opened and operated as directed hereinabove. This part of order, however, shall not be construed that Fee Structure of School is regulated. Separate orders will be passed about same.

**Principal and Partners to submit compliance report within two (02) weeks.**

The education of students shall continue unhampered and all steps shall be taken by School Management to provide quality education to students.”

**The aforesaid order/directions shall apply in all fours to this case also. These directions shall be complied with and compliance report submitted within two (02) weeks.**

**Besides the above, the deficiencies notified on 12.11.2021 through e-mail of the School have also been not made good. The deficient documents be submitted within two (02) week’s time, failing which action in accordance with law will be taken.**

**Till further orders the School Management is directed not to make any hike in any type of fee and shall not charge and collect Annual Fee from the students.**

The other school managements have taken steps for complying with the orders and fee structures of some of these schools have already been regulated by FFRC.
