Proposal submitted by School Management as per Rule-8.

School management is requesting for below mentioned enhancement:

Tuition Fee @ 35%

Annual Fee @ 30%

One Time Annual Fee for New Entrants @ 15000/=

After due consideration of the details reflected in the Analysis Sheet and the existing Revenue and Expenditure Statement of the School, the proposed fee structure has been examined, worked out, and approved by the Committee. This exercise has been undertaken after taking into account the factors prescribed under **Rule-7** for determination of fees, namely:

1. Location of the private school;
2. Availability of infrastructure and modern technology;
3. Expenditure on administration and maintenance;
4. Reasonable surplus required for the growth and development of the private school;
5. Performance of the private school;
6. Grant-in-aid received by the private school;
7. Student-Teacher Ratio and Staff Salary obligations;
8. Compliance with UDISE data and previous FFRC orders;
9. Strength of the students;
10. Status of the private school, specifically regarding infrastructure exceeding minimum requirements.

Upon perusal of the above factors, it is observed that no specific reckoner has been provided under the Rules. Therefore, the determination has been made on the basis of the audited financial data relating to the revenue and expenditure of the school, as reflected in the detailed analysis sheet (**File No: JMU /2025/205**) submitted under the Rules.

In the absence of a prescribed reckoner, the Committee strikes a balance between the autonomy of the institution and the need to prevent commercialization. A reasonable surplus is permissible, provided it is reinvested into the school corpus.

The entire exercise has been undertaken to ensure that the fee structure is regulated in a manner that completely excludes commercialization and profiteering in education. The details of income and expenditure based on the previous fee structure, along with the audit report and the projected income and expenditure after revision of fees, have been duly recorded in the minutes of the Committee meeting.

Based on the financial scrutiny of the school's audit reports, including salary expenditures and operational costs, the following fee structure is approved:
