OLD ASSEMBLY COMPLEX SRINAGAR/DIRECTORATE OF SCHOOL EDUCATION, MUTHI, JAMMU

Subject: Approved fee structure of "SWISS INTERNATIONAL SCHOOL, DRUDHU, BHADERWAH, DODA.

Order NO. 933-Jmu/FFRC of 2026

Dated 18/02/2026

One Swiss International School has been established after obtaining recognition from the competent authority. The said recognition was accorded on 02/01/2026 for a period of 10 years up to Class 8th. After having obtained the recognition, the school management intends to make it operational from the current session, i.e., 2026-27. They have submitted their file for regulating the fee structure of this school.

In this behalf, they have submitted a projected audit report which indicates the likely revenue to be received by the school management, as also the expenditure which is likely to be incurred. The school has stated that it will have approximately 400 students in the current session. On the basis of the projected audit report, they have submitted the fee structure, the details of which have been mentioned in the box "A".

While scrutinizing the same, it is also important to seek information from the school regarding the investment made by it in establishing the school. As per the statement made by the school management, it has spent approximately Rs. 15 crore on the establishment of the school, out of which approximately Rs. 8 crore has been financed by financial institutions. It is urged that the details of this are available with the ITR filed by the School Management in this behalf. The properties owned by Nishan Singh Chandail, Omparsh Chandail, Sushma Kotwal, and Aditi Kath have been leased out to the Omparsh Chandail Educational and Charitable Trust for a period of 15 years. The Trust has sole authority for running and managing the school for the said period. Details of various items required for running the school have also been mentioned in the form of furniture and other fixed assets, costing approximately Rs. 1,63,83,450. The file is also accompanied by the projected salary statement amounting to Rs. 1.44 crore. One of the features to determine the rules under Rule-7 is the location of the private school and the available infrastructure. Various Hon'ble Supreme Court judgments, as well as a recent judgment of the Division Bench of the J&K High Court, have specifically directed that while assessing the fee, the Committee must also take into consideration the expenditure incurred in creating assets of the school.

It is true that, insofar as the investment and infrastructure are concerned, the same can be variable. The speculative list of teachers required will always depend upon the availability of students. The School Management expects approximately 400 students in the first session, which again is variable. However, it is important to mention that the fee structure of the school has to be

regulated, which is necessary for the purpose of admitting students in the current session. The final audit report will ultimately disclose the actual strength of the students and the number of teachers and other staff entitled. This assessment will be made after the final audit report is received regarding the actual strength of the students and the expenditure incurred.

Keeping in view the facts stated hereinabove, and based upon the projected audit report and the anticipated strength of the students, the fee is required to be regulated on the basis of the fee structure submitted by the School Management based on projected audit report which mentioned below in **Box "A"**.
